

APPLICATION CHECKLIST

National Science Foundation (NSF)

It is imperative that all applications¹ conform to the application preparation and submission instructions identified in the SF 424 (R&R), the NSF Grants.gov Application Manual, and where specified, the NSF Grant Proposal Guide (GPG) <http://www.nsf.gov/pubs/ods/getpub.cfm?gpg>. Applications also must comply with NSF font, spacing and margin requirements. The guidelines established in the GPG Chapter II.B establish minimum requirements, however, readability is of utmost importance and should take precedence in selection of an appropriate font. Conformance with all preparation and submission instructions is required and will be strictly enforced unless a deviation has been approved in advance of application submission. NSF may return without review applications that are not consistent with these instructions. See GPG Chapter IV.B, Return Without Review http://www.nsf.gov/pubs/gpg/nsf04_23/4.htm#IVB, for additional information.

Prior to electronic submission via the Grants.gov portal, it is strongly recommended that an administrative review be conducted to ensure that an application complies with all application preparation instructions, in the format specified. This checklist is not intended to be an all-inclusive repetition of the required application contents and associated application preparation guidelines. It is, however, meant to highlight certain critical items so they will not be overlooked when the application is prepared. Complete all of the below items in order to submit your application. Select the appropriate response for each item.
